

Privacy Notice - How we use children's information

The Data Protection Lead has responsibility for monitoring this privacy notice.

All staff at Cullompton Pre-School are aware of the new General Data Protection Regulations (2018). Administration staff will ensure that our existing and revised procedures are followed. Overall responsibility for Data Protection lies with the Chairperson of the committee.

Collecting information

- Whilst the majority of information you provide to us is mandatory, some of it is provided to us on a voluntary basis. In order to comply with the General Data Protection Regulation, we will inform you whether you are required to provide certain information to us or if you have a choice in this.
- The Early Years Foundation Stage (Welfare Requirements) Regulations 2012 place a legal obligation upon us to collect and process much of the information detailed above. Therefore we do not require your consent to collect this information as we have a fair and lawful reason for doing so.
- All forms collecting data will be updated to clearly state our lawful basis for processing the information you supply and where the request is voluntary or consent is required this will be clearly stated.

Storing children's data

- We ensure that access to children's files is restricted to those authorised to see them. Only designated officers have access to safeguarding and child protection information and these confidential records are stored securely at our setting. All staff are aware of our Data Protection procedures and policies.
- We retain children's records for a period of three years after they have left the setting, except records that relate to an accident or child protection matter. These are kept until the child reaches the age of 21 years or 24 years respectively.

- **Sharing information**

The information that you provide to us, whether mandatory or voluntary, will be regarded as confidential. We do not share information about your child with anyone without consent unless the law and our policies allow us to do so.

We routinely share information without consent with:

- schools that children will attend after leaving us
- our local authority for the purposes of the Early Education Entitlement for 2, 3 and 4 year olds and the Early Years Census and any other funding matters.
- the Department for Education (DfE) as part of statutory data collections.

We are obliged to share confidential information without authorisation from the person who provided it, or to whom it relates, when:

- there is evidence that the child is suffering, or is at risk of suffering significant harm.
- There is reasonable cause to believe that a child may be suffering, or is at risk of suffering, significant harm
- It is to prevent significant harm arising to children, young people or adults, including the prevention, detection and prosecution of serious crime.

Further information regarding information sharing and confidentiality can be found in our policies.

Requesting access to your personal data

Under data protection legislation, parents/guardians, children and young people have the right to request access to information about them that we hold. Where a child is too young to give 'informed consent' the parent is the 'subject' of the file and has a right to see the information held.

Children's developmental records are shared regularly with parents/guardians and formal requests to access these is not required.

To make a request for your personal information contact the Data Protection Lead.

You also have the right to:

- object to processing of personal data that is likely to cause, or is causing, damage or distress
- withdraw consent where given
- prevent processing for the purpose of direct marketing
- object to decisions being taken by automated means
- in certain circumstances, have inaccurate personal data rectified, blocked, erased or destroyed; and
- claim compensation for damages caused by a breach of the Data Protection regulations

If you would like to discuss anything in this privacy notice, please contact the Data Protection Lead.

If you have a concern about the way we are collecting or using your personal data, you should raise your concern with us in the first instance or directly to the Information Commissioner's Office at <https://ico.org.uk/concerns/>
